TRAVEL RESTRICTIONS:

Maximum dimensions allowed and travel restrictions on an annual oversize permit are:

- 120' long x 11'0" wide x 14'0" high no routing required
- 120' long x 14'6" wide x 14'6" high check height restrictions at US 20 overpasses on current embargo map (see below) or call the Grundy County Engineers Office at (319) 824-6912
- 120' long x 16' wide x 14'6" high trip routes must be confirmed by the Grundy County Engineer

This permit is only valid for travel on Grundy County roadways. It is not valid for travel on interstate highways, US highways, state highways, or city streets. Separate permits must be obtained from the proper governing authority for travel on these roadways.

Carrier will be responsible for obtaining route approval when necessary prior to move. Information is available at <u>www.grundycountyiowa.gov</u> then go to Departments \rightarrow Engineer \rightarrow Maps and click on the current embargo map to help with routing. This map also has overpass heights for Grundy County roadways. It is the responsibility of the carrier to route themselves around low clearances, construction projects, embargoed roads and bridges. **ALWAYS OBEY POSTED LIMITS** on bridges and roadway. The actual posting of the road or bridge supersedes the map. Scouting your route prior to moving your permitted load is always recommended. If the carrier demonstrates an inability to self route, then this permit will be revoked.

Permits can be issued only for transporting single articles that exceed statutory size limits unless the inclusion of additional articles does not cause the size or weight to further exceed the statutory limits.

NOTE: Carrier shall comply with current "IOWA GENERAL PROVISIONS FOR OVERSIZE LOAD PERMIT" while operating on Grundy County roadways. Carrier shall yield to oncoming traffic and centerline non-embargoed bridges when gross weight exceeds 80,000 lbs. Permits can be issued only for transporting single articles that exceed statutory size limits unless the inclusion of additional articles does not cause the size or weight to further exceed the statutory limits.
